To All Parties:

In reviewing the Application of Mark I Moving and Storage to amend its tariff and bill of lading (Docket No. 2021-137-T), we have noted a discrepancy between the Applicant's request for amendments to the tariff (as reflected in the Notice) and the Applicant's proposed tariff filed with the Commission on May 20, 2021. The proposed tariff differs in certain respects from the Notice. For example, the "Three-hour minimum Monday – Thursday" provision is not part of the proposed tariff filed with the Commission. In addition, the revised gun safe provision in the proposed tariff on page 5 is different from the revised gun safe provision in the Notice.

In addition to these issues with the tariff, we request the parties provide more information regarding the Bill of Lading. Please provide a copy of the Bill of Lading currently in use by the Applicant. Please make certain to copy the front and back of all pages. Please also provide a copy, again with the front and back pages copied, of the Bill of Lading attached as Order Exhibit 1 to Commission Order No. 2016-749, Docket Number 2016-328-T.

Finally, please be aware that any responses to this email must be shared with or emailed to all parties in this docket by you. A copy of this email will be placed on the Commission's docket management system (DMS), along with any responses. However, you must file any communications and documents submitted by you in this docket on the DMS.

Thank you for your attention to these issues.

Yours sincerely,

Sharon Besley
